Dear BBC Countryfile Live visitor,

We look forward to welcoming you to Countryfile Live at Blenheim Palace and hope you have a really enjoyable day out.

On your approach to the event, traffic may become busy at certain times and so we therefore ask you carefully read this information to ensure you follow our dedicated traffic management system.

PLEASE HAVE YOUR VEHICLE PARKING PASS CLEARLY DISPLAYED IN YOUR WINDSCREEN BEFORE YOU ENTER THE COUNTRYFILE LIVE CAR PARKS. YOUR PASS SHOULD REMAIN VISIBLE WHILST PARKED.

YOU CAN PARK IN ANY EVENT CAR PARK AS DIRECTED. YOUR PARKING PASS DOES NOT GIVE YOU ACCESS TO A SPECIFIC CAR PARK.

SAT NAVS

We strongly advise you do not use a Sat Nav system, as they do not take into consideration our traffic management system. As you approach the estate please follow the AA event signage marked: **Countryfile Live Public**. These will guide you into the parking areas and our Traffic Marshalls will direct you.

There will be plenty of parking spaces to use at Countryfile Live so please **do not** park on verges, in gateways or on private roads as your vehicle will be towed away.

VISITOR ACCESSIBILITY

For accessible parking for blue badge holders or those who have Event Mobility equipment bookings, please follow the wheelchair symbols on the AA event signage.

This will take you to the designated parking area close to the visitor entrance and to Event Mobility. Here you can collect any pre booked mobility assistance aids. If you have not already, you can book now at eventmobility.co.uk or on **01386 725391**

TRAFFIC UPDATES

For up to date event traffic information please ensure your radio's Traffic Alert function is switched on, tune into **BBC Radio Oxford 95.2 FM & DAB** or visit www.oxfordmail.co.uk/li/traffic.in.oxford

There will also be updates via the **Countryfile Live Twitter** account so please follow us **@Countryfilelive** or **BBC Radio Oxford @BBCOxTravel**
